

Stands ready to address challenges

To the Editor:

Had there been ballots for County Legislator when Kitley Covill greeted Democrats and Republicans at my home this week, she surely would have won the day. Ms. Covill energized the room (some of whom she babysat for back in the day) as she presented her seasoned perspective on just how District 2 (Pound Ridge, Bedford, South Salem, Katonah) could impact our lives for the better and could have a much needed voice.

Candidate Covill's wide experience from 30 years of public service, including as assistant DA in Westchester County, was the reason friends urged her to initiate her first run in politics. Fortunately, Ms. Covill is a woman who listens. She has already rolled up her sleeves, at the ready to address the myriad challenges in our District 2. Try to meet her and you'll be impressed.
